

# Take campus security into your hands.

# Equipped. Informed. Safe on campus.

Get the Bow Valley College CampusAlert app.

## Life-saving alerts & tools wherever you are.

Get instant access to Campus Security and emergency services with Bow Valley College CampusAlert. The best way to get official information is right at your fingertips.

In the event of an incident on campus, we'll send you critical information and instructions so you can respond and stay safe.

### Get your app now.

1. Search 'Bow Valley College CampusAlert' on the App Store and Google Play.
2. Download the app to your device and select 'Allow Notifications.'
3. Explore the app to find all your tools for staying safe on campus.

Don't worry about your private information, we'll protect your data and won't ever show you ads on CampusAlert.

## What can you do with CampusAlert?

### 📞 Emergency Contacts

Choose to call 911 in an emergency situation. For general, non-emergency information and assistance, call Campus Security or the non-emergency police line.

### 👁️ Report a Crime

If you see something suspicious or witness a crime in progress, one click connects you to Campus Security or 911 dispatch.

### 📍 Share Map

Share your location with a friend by sending them a map to your position.

### 📶 I'm OK

Let a friend or relative know that you are safe and 'okay', by pressing one button. In case of an emergency, you can tap to call police or Campus Security for help.

### 📍 Friend Walk

Send your location any time of day or night to a friend or relative so they can track your walking progress using a real-time geo-map. When you reach your destination securely, simply disconnect.

### 👤 Work Alone

Great for late-night studying or working on campus, the app automatically checks on you and can trigger a call to an emergency contact if you haven't checked in due to an emergency or illness.

### 👤 Safe Walk

Use CampusAlert to order a security escort within two blocks of a campus location to a bus stop, train station or parking lot.

### ✅ Emergency & Evacuation Plans

CampusAlert gives instant access to emergency plans and directions in case of evacuation without the need of WiFi. Access in case of fire, bomb threat, medical emergency, extreme weather, suspicious package, or power failure, etc.

### 🔒 Shelter-in-Place

Similar to 'lockdown', you may be notified to stay where you are in case of a hazardous spill, severe weather or a hostile situation until an 'All-Clear' is announced.
