Message from the President

Dear graduating class,

On behalf of the Bow Valley College community, congratulations!

Convocation is a significant achievement, celebrating your tremendous resilience and your abiding commitment to yourself and others. By challenging your thinking, you gained the work-ready skills, interpersonal competencies, and focused discipline necessary to contribute to our communities and economy.

During your time at Bow Valley College, and with the support of your peers, instructors, staff and others, you made your learning count. Take a moment to reflect on the support and encouragement you received from others along your journey. They encouraged you to be your best, and they are excited for what you will accomplish next.

As members of this graduating class, you have contributed greatly to a community of excellence during your time at Bow Valley College. As you embark, know that you never truly leave Bow Valley College behind. We have been here for each other, and we will continue to be here to help you reach your future goals. A Bow Valley College education opens doors for your future, providing new opportunities toward achieving your goals. The world you are going into demands lifelong learning, and Bow Valley College will always be here when you need us.

Congratulations once again on your achievement. You have worked hard, and we are confident that you will achieve great things in your future. Our communities and our industries are eager for you to make your mark. Good luck!

Sincerely,

Dr. Misheck Mwaba, P.Eng.

President and CEO

Honorary Diploma Recipient

**Dave Collyer, Former Chair,
Board of Governors, Bow Valley College
June 15, Morning Ceremony**

Dave Collyer was the chair of the Bow Valley College Board of Governors from 2014 to mid-2021.

He has been in the energy industry for nearly 40 years and has extensive experience in all aspects of upstream and downstream segments of the business. He currently serves on a number of corporate and public sector boards (including ARC Resources, AltaLink, and Emissions Reduction Alberta) and provides consulting services to the energy sector.

Over the course of his career, Dave held a broad range of technical, business, marketing, and senior leadership roles at Shell Canada, culminating in his role as President and Country Chair. From 1989 to 1991, he also participated in a two-year Executive Exchange assignment as director, supply branch at the National Energy Board. Following his retirement from Shell, he served as president of the Canadian Association of Petroleum Producers (CAPP) from 2008 to 2014. During his tenure at CAPP, he led a significant shift in the industry's focus on environmental performance and public engagement.

In 2016, he was inducted into the Canadian Petroleum Hall of Fame. He holds a Bachelor of Science in Mineral Engineering and a Master of Business Administration from the University of Alberta.

Distinguished Speaker

Jeff Boyd, Regional President, Alberta and the Territories, RBC Recipient, Distinguished Partner Award June 15, 2022 – Afternoon Ceremony

As regional president for Alberta and the Territories, Jeff leads a team of over 2,500 employees in providing financial advice and services to RBC's personal, small business, and commercial clients in the region.

Since joining RBC in 1995, Jeff has held a variety of increasingly responsible positions including senior leadership roles in both retail and commercial banking and national sales strategy. Prior to assuming his current role in 2014, he was regional president, Ontario North and East.

Jeff is an active and dedicated community leader, including his involvement on the boards of Alberta Children's Hospital Foundation, Arts Commons, and FRAYME.

Jeff holds a Bachelor of Commerce from Mount Allison University, the FICB from the Canadian Securities Institute, and has completed the Institute of Corporate Directors Education Program.

Jeff is receiving the Distinguished Partner Award on behalf of RBC.

RBC has been a long-term partner of Bow Valley College, has an outstanding record of contributions to the community, and reflects our values of respect, inclusion, creativity, teamwork, and resilience. RBC has partnered with the College on many successful initiatives, including the RBC Business Accelerator Centre, the 1000 Women Rising fund, and, most recently, the 150 Startups initiative to expand Alberta's entrepreneurial capacity. RBC is a strong supporter of education, and its corporate responsibility has a far-reaching impact. RBC's valuable contributions to the College have helped students reach their education goals, enhanced their learning experience, and set them up for success.

Distinguished Speakers

Geoff Rainey
June 16, 2022 – Morning Ceremony

Before coming to Bow Valley College, Geoff spent six years in the military – including seven months in Afghanistan – and four years as a train conductor for Canadian National Railway. The College was the answer to his interest in health care.

After graduation, Geoff practiced as a licensed practical nurse from September 2020 to September 2022 in a subacute centre focused on musculoskeletal injuries. His life changed drastically with the birth of his second daughter, and he decided to take on the role of full-time dad. While nursing has currently taken a back seat to parenting, Geoff still uses the skills and principles he learned at the College, from running for mayor of Calgary in the 2021 municipal election on a platform of health and wellness for vulnerable populations to the confidence it gives him when dealing with family health care concerns.

Dr. Clarence Wolfleg Sr, Miiksika'am June 16, 2022 – Afternoon Ceremony

Clarence is a spiritual advisor to the Bow Valley College Iniiikokaan Centre. His Siksika name is Miiksika'am, translated as Red Crane, which was his fourth great-grandfather's name.

Clarence served close to 10 terms as councillor with the Siksika Nation, with portfolios in land claims negotiations, intergovernmental affairs, policing, and child welfare. He was a seven-year veteran of peacekeeping in the mid-1960s. Upon his return from peacekeeping, he became a federal police officer and served 14 years as a special constable in the RCMP. He was also chief of police for the Siksika Nation and worked for Corrections Canada for many years in the court programs.

In 2021, Clarence was recognized as one of the Top 7 over 70 in Calgary, and received an honorary Doctor of Laws from Mount Royal University.

Valedictorians

**Nicole Itable, School of Technology
June 15, 2022 – Morning Ceremony**

Nicole moved to Canada nine years ago from the Philippines. One of her most memorable experiences in the Information Technology Systems Diploma program was forming friendships with other students. She also learned that small conversations can lead to huge opportunities and that it's important to celebrate each success. She hopes to be part of an admin tech team, design a new technology that will benefit people and the environment, and run her own business.

"Bow Valley College will always be part of my success because this is where I started; this is where I found my place in the world," Nicole says. "My time here has ended, but the joy and hope it gave me will forever be part of the person I've become."

**Mona Gomaa, Chiu School of Business
June 15, 2022 – Afternoon Ceremony**

Mona is from Egypt and has a Bachelor of Arts in French Literature and Civilization from Alexandria University, where she worked as an instructor after graduating in 2000. She moved to Canada in 2019 and found that the support of College employees made studying in a new country easier. Her career goal is to become a supply chain management executive.

"Dick Costolo, a former CEO of Twitter, once said: 'There is no script. Live your life. Soak it all in.' This quote led my journey because I suddenly found myself left out of my normal script but still had to live my life, accept it, seize it, and love it with every tiny detail, and the Bow Valley College experience greatly helped me through it," Mona says.

**Amber Heavy Runner, School of Health and Wellness
June 16, 2022 – Morning Ceremony**

Amber chose Bow Valley College because there is a regional campus close to where she and her family live. She received multiple awards during her Health Care Aide Certificate studies. Amber plans to work as a health care or recreation therapy aide while taking Open Studies. Her goal is to take the Bachelor of Nursing program with Old Sun Community College and the University of Calgary.

“My time at Bow Valley College has meant a lot to me because I was able to see the results of my hard work,” she says. “My great-grandpa Senator James Gladstone’s motto was: ‘Work hard and persevere,’ or in Blackfoot: ‘liyiikapotakit liyiikakimaat.’”

**Kasha Kakum, School of Community Studies
June 16, 2022 – Afternoon Ceremony**

Kasha is originally from Treaty 6 Territory in Little Pine, Saskatchewan. She decided to pursue Disability Studies after caring for a child with a disability while working in private child care. Kasha received awards during her studies and enjoyed the support and guidance of the Elders and employees at the Iniiikokaan Centre. In the future, she would like to earn a degree as an Indigenous teaching assistant and use Indigenous Ways of Knowing to inform her practice.

“I’ve learned so much about community and how important it is for us to build and maintain meaningful connections and that everyone deserves the opportunity to be a part of this,” she says. “When we’re a part of a community, we’re safer, happier, and healthier.”

Izuchukwu Igwe, Digital Marketing Post-Diploma Certificate, 2020

Izuchukwu Igwe, or Izu for short, says his time at Bow Valley College sparked his love for creation. “As I neared the end of my schooling, I was particularly interested in web design and management, graphic design, and animation,” says Izu. “I was inspired to study and hone my skills in programming languages and enrol in graphic design and animation courses.”

Today, Izu is pursuing his dream career in motion graphics, where he harnesses his passions for graphic design, illustration, and animation. In addition, he uses that same skillset to operate his social enterprise – Made By Rural – which supports organizations working with vulnerable populations.

“Bow Valley College gave me the opportunity to pursue my interests in creative technology and provided me the platforms to gain entrepreneurial skills,” Izu says. “With the training I received, I am confident I can work in any tech environment, given the opportunity.”
